## Infiltrate Hidarifuji Dormitory! I did it ~

On September Yoshiday, a new Hidarifuji dormitory was opened in the Fuji area. The new dormitory has been open for the first time in 23 years since the Kakegawa dormitory. One month has passed since the new dormitory opened. Mr. Kihara of the Personnel and General Affairs Department, who was instrumental in opening the new dormitory, actually stayed at the Hidarifuji dormitory and reported on the facilities in the dormitory and the shops around the dormitory.

### Fashionable appearance, comfortable room!

The left Fuji dormitory is a newly built 5-story, studio-type reinforced concrete structure. There are 240 rooms in the department store. Not only can you move into the dormitory, but you can also stay temporarily. The appearance is also modern.

Exterior of the dormitory (illustration)

First of all, from the room report. After work, I arrived at the dormitory. I checked in and entered the room. The room is bright and clean! The size is 6.1 tatami mats, and I am excited to evolve from the Shimbashi dormitory where I used to live.

The room entrance is bright and beautiful!

In addition to TVs and air conditioners, the rooms are equipped with refrigerators and microwave ovens, providing an environment where you can move in easily at a low cost. Another point is that it has a kitchenette. If it's a simple dish, you can make it quickly. The bath is a unit bath, but it is clean. In addition, we have prepared an amenity that will make temporary guests happy.

Convenient facility in the dormitory!

Hidarifuji Dormitory is a dormitory that emphasizes diversity. Equipped with a multipurpose restroom and laundry room that people with disabilities can use with peace of mind. In particular, the laundry room is the first dormitory in JATCO where women can move in, and we have set up a women-only laundry. The multi-purpose room is also equipped with Wi-Fi for remote work and meetings. If you have any problems, please ask the manager about anything.

## I took a walk around the dormitory!

Next, I will introduce the area around the dormitory. First of all, the super market that is indispensable for living. SEIYU, a 2-minute drive away, is open 24 hours a day, so you can rest assured even on days when your work is late. The lottery counter next to the Wealth District 1 is famous and has produced 24 millionaires. Maybe it's your turn next?

Next is the restaurant, especially along the old national highway No. 1. In Shizuoka prefecture, there are many shops such as ramen shops and famous national chain shops, including the lively "refreshing" (steak and hamburger steak shops). There are also register facilities such as Round One, so why not change your mood on the weekend? There are many other shops, so please find your favorite shop.

## Honda also recommends the view from the dormitory ♪

Next, I will introduce the view from the dormitory. The daytime scenery and the nighttime scenery are very beautiful. In the daytime when the weather is nice, you can get a panoramic view of Mt. Fuji.!? Mr. Honda is also endorsed. On the other hand, at night, the company logo of JATCO A district shines brilliantly. Which view do you prefer, day or night?

Mr. Honda is also a highly acclaimed view

## Everyone, please use it!

Temporary guests are welcome as well as moving into the dormitory. To apply for dormitory or temporary accommodation, see Portal Personnel Information-Benefits-Residence / Accommodation.

Everyone, please use the beautiful and comfortable Hidarifuji Dormitory!

Now that the promotion is over, it's time to go to bed. Good night ♪
