01 We will respond to your voices as best we can! #Forging Section

Article that led to the interview after receiving a letter from a My JATCO fan.

It was an article that led to a connection with everyone in the forging section. This was the article that started it all. By responding to customer feedback, we became closer to everyone in the manufacturing department and were invited to various events. I also received a helmet!

Flap into the future, Kakegawa DNA

This is an article about the Kakegawa Plant, which was closed last July. The love for Kakegawa by the people we interviewed was considerable. The Kakegawa spirit will be passed down from generation to generation. ✨

Picked up feedback from the MyJATCO survey

It was a great opportunity to focus on the people we usually take for granted, and I realized how much everyone contributes to JATCO. It was great to hear comments like, "Thank you for featuring us," or "I didn't know about this, so I'm glad to know about it."

<Announcement of My JATCO Awareness Survey Results>

May 2024

March 2025

A My JATCO awareness survey was conducted in March! This is the second real-world survey since May of last year. We were a bit nervous about the survey because in the previous one only 40% of people said they read it more than twice a month, but this time 92% of people said they read it more than twice a month! I was really happy to hear comments like "I always read it," and knowing that people are reading it made me feel motivated to make it even better.

Thank you to everyone who helped.

<New feature announcement>

Starting in late March, a "tagging function" will be added to the My JATCO website. This will have the effect of making it easier for readers to find the articles they want to see and to find related articles. We will also introduce some popular tags, so please make use of them.

<Irregular column>

A column by the My JATCO editorial department will start in April. Too loose to feature in our weekly Wednesday issue? We will deliver the news irregularly, mainly focusing on new topics. Enjoy it as a palate cleanser.

Thank you for your support of My JATCO in 2024. We look forward to your continued support in 2025!
